TMC NAMES COMCAST BUSINESS A 2018 COMMUNICATIONS SOLUTIONS PRODUCTS OF THE YEAR AWARD WINNER

Comcast Business VoiceEdge Recognized for Exceptional Innovation

PHILADELPHIA, PA – September 26, 2018 – Comcast Business announced today that [TMC](#), a global, integrated media company, has awarded Comcast Business VoiceEdge a 2018 Communications Solutions Products of the Year Award.

Comcast Business VoiceEdge is a hosted voice, Unified Communications and Collaboration (UC&C) solution that is fully managed over Comcast's network and eliminates the need for on-site private branch exchange (PBX) equipment or key systems. Over the past year, Comcast has enhanced Business VoiceEdge to enable integration with customers' cloud-based Office 365 solutions. This delivers the benefits of click-to-dial telephone numbers by launching a secure, reliable telephone call over Comcast dedicated Voice over IP (VoIP) backbone and provides increased productivity and workflow integration.

"It's an honor to receive this prestigious recognition for Business VoiceEdge, a solution that is so closely aligned with our overall goal of providing our clients the next-generation services they need to digitally transform across their businesses," said Kevin O'Toole, senior vice president of product management for Comcast Business. "Companies want a complete and integrated solution that streamlines the benefits between communication and desktop applications and Comcast Business has developed, and will continue to develop, innovative solutions to meet these digitally-driven needs."

"Congratulations to Comcast Business for being honored with a Communications Solutions Product of the Year Award," said [Rich Tehrani](#), CEO, TMC. "Business VoiceEdge is truly an innovative product and is amongst the best communications products and services available in 2018. I look forward to continued excellence from Comcast Business in 2018 and beyond."

About Comcast Business

Comcast Business offers Ethernet, Internet, Wi-Fi, Voice, TV and managed enterprise solutions to help organizations of all sizes transform their business. Powered by a next-generation, fiber-based network, and backed by 24/7 technical support, Comcast Business is one of the largest contributors to the growth of Comcast Cable. Comcast Business is the nation's largest cable provider to small and mid-size businesses and has emerged as a force in the Ethernet market; recognized over the last two years by leading industry associations as its fastest growing provider and service provider of the year.
